

# EDDINGTON CAMBRIDGE – PHASE 2 INFRASTRUCTURE

## NEXT STEPS

Eddington-Cambridge.co.uk

### Timeline

Once this consultation has closed we will consider your feedback before finalising our proposals.

It is our ambition to submit planning applications for these works in Autumn 2020. An estimated timeline for progressing past that point is shown below, although subject to change.

Key timeline:

- Application submission – December 2020
- Target application decision – Spring 2021
- University of Cambridge internal approvals ahead of works commencing on site after 2021.

### How will we manage construction effects?

We are committed to keeping disruption to a minimum during construction.

It is our expectation that works will commence initially using our existing arrangements from Maddingley Road.

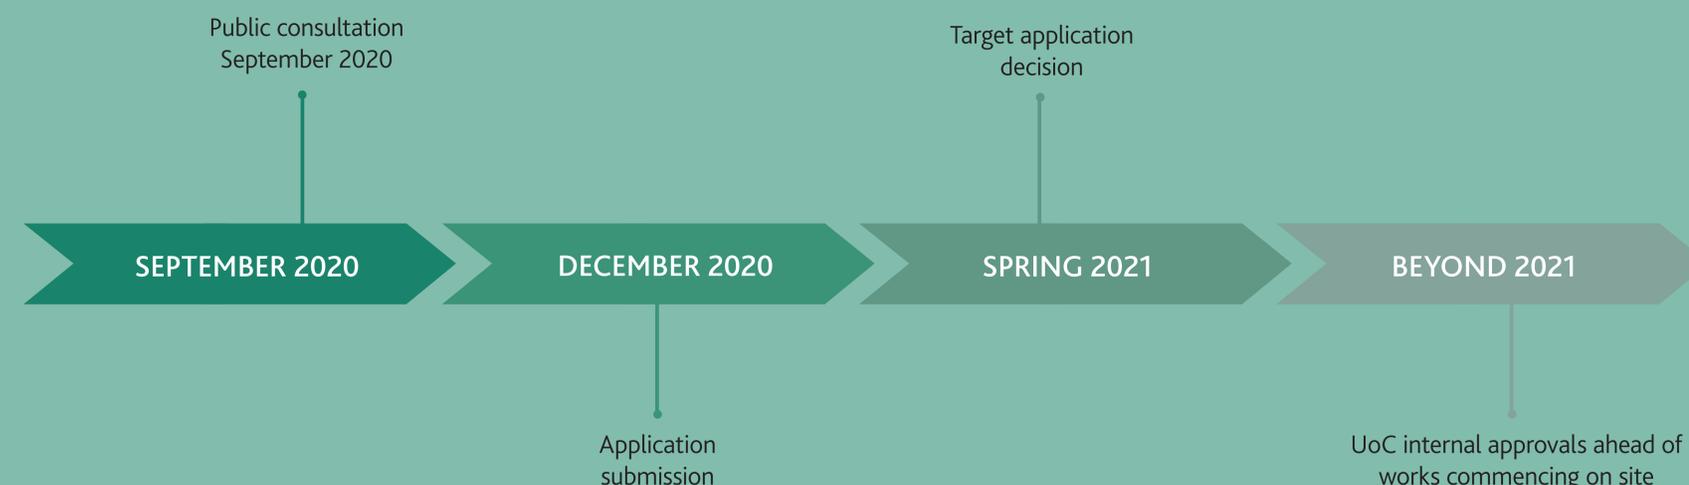

At some point we will need to carry out construction activities near to existing properties, both within Eddington and properties on Huntingdon Road near to the proposed access and cycleway. We will ensure the community have advance warning of any works to help minimise impacts. We will continue to work with the local authorities and affected parties as our plans develop.

PHASE 1 COMPLETE

PHASE 2 INFRASTRUCTURE

### HAVE YOUR SAY

The best way to comment on the proposals is to complete a short survey at:  
<https://www.surveymonkey.co.uk/r/phase2inf>

You may also send us an email to us at:  
[info@eddington-cambridge.co.uk](mailto:info@eddington-cambridge.co.uk)

We would welcome any comments you may have by 30th September 2020.

Once we have received your responses, we will use these to inform the ongoing scheme design, before we finalise and submit our planning application. The comments received will be summarised as part of our application. All comments will be recorded anonymously.
